

# Exhibit B - 34

*In re: Equifax Inc. Customer Data Security Breach Litigation*

Case No. 1:17-md-2800-TWT

Linda Mitchell

796 Baltimore Road #73 Valparaiso IN 46385

I have checked the settlement website and have confirmed I am a class member.

I object to this settlement, on the grounds its terms are:

- Unfair ☐ Unduly burdensome ☐
- Inadequate ☐
- Unreasonable ☐

I have objected to no class action settlements in the last five years.

I am unable to attend the settlement hearing in person.

I do not expect to be represented by an attorney.

Personal note to The Honorable Thomas W. Thrash Jr.

It is not a reasonable offer. It just isn't fair.

Our personal information is very important to our lives and livley hood. When our information is mishandled, it can have some dramatic effects on people's lives. I feel companies should not be able to unlawfully use it. Or keep it in am inadequately secured way. Also when a penalty is stipulated the company's should do what they said they would and not try to switch payment quantities.

Hello. I am a victim of massive identity theft and these scammers are also stealing my mail as well as mail carriers giving it away. I don't believe this Breach was done solely by hacking. I believe it was done by breaching our confidentiality for financial gain while we the victims suffer and fight and receive little to no compensation for millions of dollars gained illegally by stealing our identities and Equifax not keeping our privacy safe. I have inaccurate information til this day and Equifax is allowing someone to ILLEGALLY report this information. I'm suffering and received threats. Even police ignore giving police reports because they to are financially gaining off of this.

*In re: Equifax Inc. Customer Data Security Breach Litigation*

Case No. 1:17-md-2800-TWT

James Edmands

35 Harriman Rd. Hudson, Ma. 01749

I have checked the settlement website and have confirmed I am a class member.

I object to this settlement, on the grounds its terms are:

- Unfair ☒ Unduly burdensome ☒
- Inadequate ☒
- Unreasonable ☒

I have objected to no class action settlements in the last five years.

I am unable to attend the settlement hearing in person.

I do not expect to be represented by an attorney.

Personal note to The Honorable Thomas W. Thrash Jr.

I am a Us Navy veteran and in my opinion, this is in no way fair to the hardworking people of the world. We all bust our butts to do our job's, Equifax Inc. needs to be held to a higher standard, in order to be on the platform of people's credit.

Julia Mason

I have checked the settlement website and have confirmed I am a class member.

I object to this settlement, on the grounds its terms are:

- Unfair ☐ Unduly burdensome ☐
- Inadequate ☒
- Unreasonable ☐

I have objected to no class action settlements in the last five years.

I am unable to attend the settlement hearing in person.

I do not expect to be represented by an attorney.

Personal note to The Honorable Thomas W. Thrash Jr.

Given the prior breeches of data at other organizations, the settlement, as it stands, misses its mark. Other similar breeches that occurred garnered full credit monitoring protection for 1-5 years, not inclusive of other monitoring that was put in place by prior companies that experienced similar breeches. As well, the response from Equifax has been less than most, the feeling of "we did t do anything wrong, why should we apologise or be held accountable"...which is ridiculous given they knew of the risks and clearly didn't do what was needed to mitigate that risk for their customers.

The resolution options provided by Equifax are inadequate, burdensome, and are unsatisfactory. Their primary resolution option is to accept, for an unspecified period of time, their serves for monitoring my credit for breaches. Since their inability to provide a safe and effective monitoring service caused this breach in the first place, to trust them with this task is ludicrous.

Personal note to The Honorable Thomas W. Thrash Jr.

The credit bureaus hold a lot of power over the American consumer. We are already beholden to an arduous process to correct mistakes on our reports that are not our own. Now our most sensitive information has been stolen by those who wish to use it to take what we have rightfully earned because of the misuse or complete lack of security measures by Equifax. Although not every consumer's information has been used fraudulently as of today, the future use of that information is unknown. Therefore, the settlement as it stands is unfair to the actual victims of this debacle, the American consumer. Our information was left vulnerable, and as our social security numbers and coordinating information have been stolen. We are left vulnerable. Please reconsider this settlement as we will remain so for the unforeseeable future.

I have checked the settlement website and have confirmed I am a class member.

I object to this settlement, on the grounds its terms are:

- Unfair ☐ Unduly burdensome ☐
- Inadequate ☒
- Unreasonable ☐

I have objected to no class action settlements in the last five years.

I will not attend the settlement hearing in person.

I do not expect to be represented by an attorney.

Personal note to The Honorable Thomas W. Thrash Jr.

The terms of this settlement are an insult! My personal information is worth much more than \$10 - and I already have credit monitoring so don't need more of that!

Equifax should be permanently shut down instead of given a slap on the wrist. This billion dollar company put millions of people at risk with their data breach and it is ludicrous that they should even be given the option to offer credit monitoring to the very people they violated. Every single person affected should be given a minimum of \$50,000 for Equifax's part in this whole fiasco and even that isn't enough to undo the damage and potential damage they caused.

Not only did I feel that the original amount was too low, now they want to just give you free credit monitoring, the problem with that is there has been many data breaches and all those companies offer free credit monitoring too. Now it has come out that instead of \$125, they are giving people that can show they pay for credit monitoring like \$10. This is just crazy!!

The largest credit agency in the world violated the term of their own agreements and illicitly profited from the violation and has offered in recompense a service for which they were already found to be incompetent and incapable of performing in lieu of any direct financial compensation for their glaring and obvious criminal misdeeds. This is entirely inappropriate and unacceptable.

Data breaches are unfortunately something that we are having to deal with in this electronic data age. It is not only surprising — but shocking — that a company as large as this that deals exclusively with people's personal data, did not have adequate safeguards in place to prevent or thwart any data breach. Their trust with the public has been broken. They must be held accountable for this failure and they should compensate us — and compensate us well!

Personal note to The Honorable Thomas W. Thrash Jr.

Your Honor, we placed our lives and personal information, in the hands of Equifax. I trusted them to keep my information safe and private. I completely understand that accidents happen, I have children, but I feel like they should truly pay more than approximately \$5 to each individual. Their purse should have a big dent in it, by means of compensating us American citizens. Quite frankly, I feel that they should possibly be borderline bankrupt after a fair amount is agreed upon. I don't want to come off as greedy, which I'm not, but they have to learn to prevent and prepare; Rather than to repair at below minimum. I appreciate you taking the time to read this and hope you find that they should pay more. Thank you, Mrs. Gaffney.

Your honor, an insignificant amount of money - or, worse, services which most of us have already purchased from competing providers simply because Equifax has been found to be untrustworthy - is less a "settlement" than it is a declaration by the Court to consumers that their rights and damages are less important than protecting Equifax from the consequences of its actions.

If we consumers misbehave, the law is quick to hold us to account. Why should it not be so with Equifax?

The potential harmful effect of this breach will be there for the rest of my life hanging over my head. The few dollars is far from adequate to offset the unending threat. If this company could not protect me from the breach why would i want it guarding it going forward, or any other company such as Experian who has also experienced breaches. That is the ultimate example of the fox guarding the henhouse.

*In re: Equifax Inc. Customer Data Security Breach Litigation*

Case No. 1:17-md-2800-TWT

Christine Sheehan

1118 Ingalls Ave Unit 5 Joliet, IL 60435

I have checked the settlement website and have confirmed I am a class member.

I object to this settlement, on the grounds its terms are:

- Unfair ☒ Unduly burdensome ☐
- Inadequate ☐
- Unreasonable ☐

I have objected to no class action settlements in the last five years.

I will not attend the settlement hearing in person.

I do not expect to be represented by an attorney.

Personal note to The Honorable Thomas W. Thrash Jr.

It's unfair. People are having their credit damaged.

*In re: Equifax Inc. Customer Data Security Breach Litigation*

Case No. 1:17-md-2800-TWT

Armand Chagnon

3561 Fox Hollow Drive, Orlando, FL, USA

I have checked the settlement website and have confirmed I am a class member.

I object to this settlement, on the grounds its terms are:

- Unfair ☐ Unduly burdensome ☐
- Inadequate ☒
- Unreasonable ☐

I have objected to no class action settlements in the last five years.

I am unable to attend the settlement hearing in person.

I do not expect to be represented by an attorney.

Personal note to The Honorable Thomas W. Thrash Jr.

As a senior citizen, I feel we are always being taken advantage of. We need you to be an advocate on our behalf.

*In re: Equifax Inc. Customer Data Security Breach Litigation*

Case No. 1:17-md-2800-TWT

**James Mamone**

110 Centerton Road, Bridgeton, NJ, USA

I have checked the settlement website and have confirmed I am a class member.

I object to this settlement, on the grounds its terms are:

- Unfair ☒ Unduly burdensome ☐
- Inadequate ☒
- Unreasonable ☒

I have objected to no class action settlements in the last five years.

I will not attend the settlement hearing in person.

I do not expect to be represented by an attorney.

Personal note to The Honorable Thomas W. Thrash Jr.

Your Honor, Equifax makes billions a dollars each year setting my personal information and that of millions of American consumers to anyone willing to pay for it. Now that they did not take proper safeguards with this data and information, they want to give us somewhere between \$1.30 and \$25.00 per person. The loss of my data and that of millions of other consumers cannot be undone and I feel that this settlement should be re-negotiated to obtain a fairer amount of compensation to myself and 143 million other American consumers who were impacted in a very negative manner by this data breach. Thanks you very much for your consideration in this very important matter.

Less than 10 dollars for a huge breach of private information? That's crazy. There needs to be more than that

Personal note to The Honorable Thomas W. Thrash Jr.

Dear Sir,

I am one of the thousands that had their personal information stolen from Equifax. This has meant that I had to change all my passwords, check my credit lines accounts and continue to worry about my personal data. I have had to spend many hours to complete these checks. My time is money. I think my time and frustration is worth more than \$10.00. How about your time? How do you feel about your social security number and private information for spread in the dark web? If your identity is stolen, how much time and frustration would you feel? Is it worth more than \$10.00? Think about the frustration. Make the settlement more than a slap on the hand of Equifax.

The settlement amount being reduced to under \$10 is like slapping millions of people in the face saying you're identity is only worth, in some states, less than 1 hour of minimum wage. Equifax needs to be held accountable for their lack of security somehow. Thank you for taking your time to consider this.

*In re: Equifax Inc. Customer Data Security Breach Litigation*

Case No. 1:17-md-2800-TWT

**Ashley Jenson**

1190 Grange Rd D2, Wescosville, PA 18106

I have checked the settlement website and have confirmed I am a class member.

I object to this settlement, on the grounds its terms are:

- Unfair ☒ Unduly burdensome ☐
- Inadequate ☒
- Unreasonable ☐

I have objected to no class action settlements in the last five years.

I will not attend the settlement hearing in person.

I do not expect to be represented by an attorney.

Personal note to The Honorable Thomas W. Thrash Jr.

I object to this settlement because it is unfair to those who had their Social Security Numbers exposed in the Equifax Data Breach. Those affected by the data breach should receive \$125 as stated in prior documents.

The exposure of this private and sensitive information, in particular by an entity that advertises its special products that are supposed to protect us from this exact situation, require a much more significant settlement. It has to mean something relevant to the harm they caused. Right now this company is laughing at how easy they are getting off.

*In re: Equifax Inc. Customer Data Security Breach Litigation*

Case No. 1:17-md-2800-TWT

Anthony Chidester

6514 Carrie Ln, San Antonio, TX, USA

I have checked the settlement website and have confirmed I am a class member.

I object to this settlement, on the grounds its terms are:

- Unfair ☐ Unduly burdensome ☐
- Inadequate ☒
- Unreasonable ☒

I have objected to no class action settlements in the last five years.

I will not attend the settlement hearing in person.

I do not expect to be represented by an attorney.

Personal note to The Honorable Thomas W. Thrash Jr.

My spouse and I suffered identity theft due to the Equifax Breach. Several days worth of productivity were lost as a result. Our credit ratings are still suffering. We were an unwilling party to this data collection, and it has unduly burdened our lives.

*In re: Equifax Inc. Customer Data Security Breach Litigation*

Case No. 1:17-md-2800-TWT

Leslie Locke

4915 Muddy Bay San Antonio Texas 78244

I have checked the settlement website and have confirmed I am a class member.

I object to this settlement, on the grounds its terms are:

- Unfair ☒ Unduly burdensome ☐
- Inadequate ☒
- Unreasonable ☒

I have objected to no class action settlements in the last five years.

I will not attend the settlement hearing in person.

I do not expect to be represented by an attorney.

Personal note to The Honorable Thomas W. Thrash Jr.

The control big business has over the general public's sensitive financial information can be life changing when mismanaged. Such as this case.
